SUBJECT Brandes - Langan NotesDATE August 17, 1962

While in Columbia Falls, I reviewed the above notes with Mr. Liddicoat. I agree with the Butte lawyers that collection of the Brandes note would be difficult and probably not worthy of further pursuit in view of the amount involved. Langan is roughly one year behind in the payments on his note but is still making payments. I instructed Mr. Liddicoat to:

1. Contact the Bank in Great Falls to see how he is paying on his real estate mortgage;
2. Find out what the house is worth and if any other claims beside the mortgage are against it; and
3. File a Judgment against his assets or a second mortgage on his house, whichever the attorneys recommend.
